

San Juan Hut Systems Route Checklist

- 1) Group Roster
- 2) Release Waivers—please return at least **10 days before** your trip.
- 3) Route Description(s) that include ski terrain information
- 4) Supplemental Information for Backcountry Ski Touring/Suggested Equipment
- 5) Winter Hut Operations and Instructions
- 6) Ski Route and Hut Statistics Information Sheet
- 7) Snowmobile Questionnaire: We have enclosed the questionnaire and membership form to generate response to the growth of snowmobile use in our area. Skiers and snow-shoers have used this area for over a hundred years. Due to newer technology, snowmobile performances and capabilities have vastly expanded. These newer technologies coupled with engines that are more powerful have the potential to radically change the backcountry experience. We welcome your response and input to this topic in the interest of preserving the "Quiet Use" areas for winter recreation.
- 8) Backcountry Snowsports Alliance (BSA) Membership Application
- 9) Map and Key to Hut

If you are without any of the above, please call us immediately!
